## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 8, 10-12 and 15 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest, singularly or in combination at least the limitation of "a post bonded to the electrode pad and provided to penetrate through the resin film, a first portion of which in close proximity to a junction portion with the electrode pad is made of gold; and a passivation layer on the surface of the semiconductor chip, between the semiconductor chip and the resin film and covered by the resin film so as to have a passivation film/resin film interface therewith, the gold portion of the post including a portion facing the passivation film/resin film interface, the first portion of the post in direct contact with the passivation film/resin film interface, a second portion of the post made of a metal material other than gold being separated from the passivation film/resin film interface by the first portion" in a semiconductor device as set forth in the claims as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Junghwa M. Im whose telephone number is (571) 272-1655. The examiner can normally be reached on MON.-FRI. 8:30AM-5:00PM.
